

Clean Shiny Hair
(Dan Smith)

Clean air nowhere at all
Do you want to be there as we come shining through?

His do like new again
Do you want to be there as we come shining through?

Clean shiny hair

Who's gonna look at your hair?
Where is your head?
My head is where my bed is

Who's gonna look at your thumb?
Where is your head?
My head is where my bed is
