

Over the Head
(Dan Smith)

Over the head of the people of all it's going to fall
In the country and town it's gonna come down
One day...
Man...
Pick up a stick...
Head
Over the head

Over the head they've been holding our ball, bounced it off of the wall
Now we're going to see some new places to be
One day...
Man...
Pick up a stick...
Head
Over the head
